

"I wouldn't be seen in anything less!  
Fabulous, darling!"

# THE SCOOTER FIT FOR ROYALTY

Whether you are transitioning from driving a car or upgrading from a basic mobility scooter, discover style, reliability, and perfection – all at the very heart of the Cabin Car experience.

Designed to offer you everything you desire, this enclosed mobility scooter will effortlessly impress admiring onlookers.

With exquisite convenience features, charm your elegant side with British craftsmanship.

Even Grace's chauffeur doesn't get the keys...

As seen in

**The  
Guardian** **DAILY EXPRESS** **WHATCAR?**

*"The Cabin Car Mk2 Plus is by far the most advanced, luxurious and distinctive mobility scooter on the market today."*

# EXTRAVAGANT BY NATURE

You may not be motoring but you appreciate that safety is paramount and most of all you want to cruise with sophistication. You will be amazed by the technology and comfort within reach.

## The Cabin Car is for you!

Safety and security are the number one priority – secure Remote Central Locking & Follow-Me-Home Lights are fitted as standard. With the reversing camera, parking has never been so effortless – the crystal-clear reversing display enables you to observe your surroundings with peace of mind.

You will be prepared for whatever the weather throws at you. Comprised of a fully insulated fibreglass shell and with the cosy Interior Heater as standard, warmth and protection from the elements are guaranteed. In the temperate months roll down the windows and enable that cooling breeze to flow.

Seize your day, the classy way.

## Optional Extras Available

### Bull Bar (Front)

Take protection of your vehicle to the next level with this no compromise yet stylish bull bar.

### Bumpers (Front & Rear)

These satin black bumpers sit perfectly within the colour scheme of your vehicle. They will keep your brand new vehicle looking perfect even after minor bumps.

### Cool Air System

Make the most of the summertime by adding the cooling air system. Rapidly circulating outside air into the cabin, you will be sure to remain cool on those warm days.

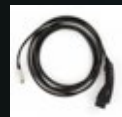

### Dual 100Ah Batteries

Significantly increase your range by upgrading the battery system – delivering up to 40% more charge, keeping you on the road for longer.

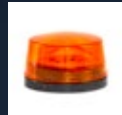

### Electric Windows

Wind down windows are so last decade. Enable the Cabin Car to do all the work for you with the effortless touch button Electric Window upgrade.

### External Charging Cable (5m)

Upgrade your standard 0.7m charging cable to increase the flexibility of where you can top-up your charge.

### Flashing Beacon

Be safe and be seen no matter where you are with this bright coloured beacon.

### Heated Seats

Breeze along in your Cabin Car while being soothed by your luxurious heated seat - providing total comfort.

### Interior Handles

Increase both your safety and accessibility while entering and exiting your Cabin Car.

### Lithium Ion Batteries

Supercharge your range into the future with this specialised battery setup.

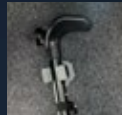

### Lockable Rear Box

Keep your shopping safe when you're out and about with this lockable, durable and rear-mounted storage box.

### Paint Protection

Our skilled team applies a quality coating. With care and attention, you will keep your paintwork fresh and vibrant for years to come.

### Walking Stick Holder

Keep your walking stick safe and secure with this convenient internal holder.

### Walker Carrier

Stay mobile after parking your Cabin Car with this handy solution, compatible with three and four wheeled walkers.

### Wheels – 9" Black Alloys

For some extra visual punch, enhance the style of your Cabin Car with these magnificent black powder coated wheels.

### Window Tint Package

Experience guaranteed sun protection with tinted side windows and rear windscreen.

### Wireless Handsfree System

Stay connected to your mobile with the integrated system – fantastic for music playback and for following navigation instructions.

# MOBILITY WITH SOUL

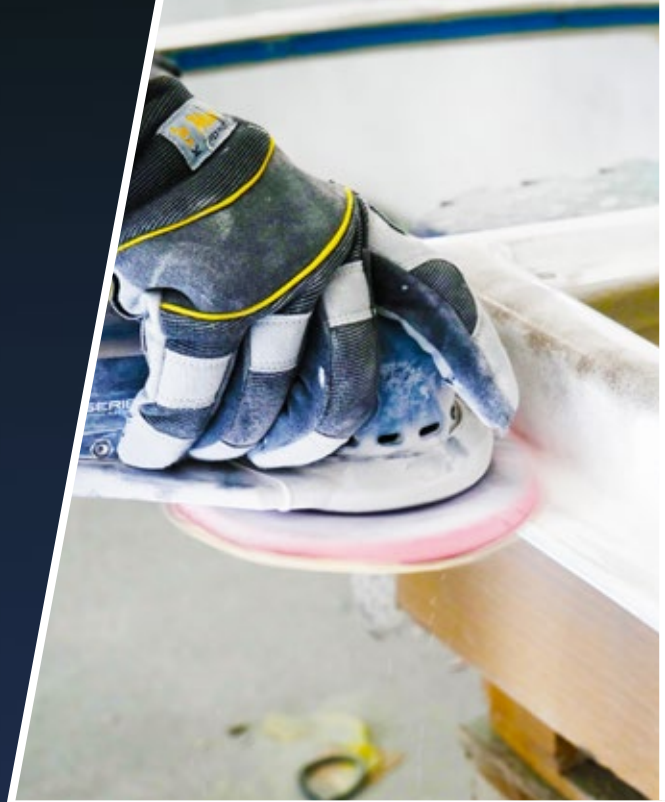

It's all about your independence, your confidence and living life on your terms.

Our enclosed mobility scooter, proudly manufactured in Great Britain, is crafted with passion by experts who care.

Designed for those who desire and demand more than just function, this is mobility redefined.

With upwards of 50 hours to produce, the level of craftsmanship and intricate detail involved ensures that your Cabin Car will provide years of loyal service.

Move in style, embrace your independence, and experience the pride of owning a vehicle built with heart, expertise and an unwavering commitment to your journey.

# WHAT OUR CUSTOMERS THINK

"After giving up my driving licence I had to find a way to stay independent. I suffer from fibromyalgia and leg pain, and really didn't want to get stuck indoors. With the Cabin Car everyone knows who I am now and children wave at me when I am out and about. It really has changed my life. It's the best purchase I've ever made – I would be lost without it."

**Kathleen**  
Leicester

"My family were concerned about my safety while driving my car. Whilst I'm still lucky enough to have my driving licence, I know that at some point I'll have to give it up. When the Cabin Car turned up, I felt reassurance and confidence. Now my relatives are much happier that I'm not driving as much. No matter what happens, it's futureproofed my freedom – brilliant!"

**Michael**  
Gosport

"At a young age Daniel was diagnosed with Cerebral Palsy. He was finding it increasingly difficult to walk longer distances. As soon as he saw the Cabin Car his face was beaming with joy! Daniel ventures out daily and uses his to commute to and from work. I now have total confidence that he is comfortable and most of all safe. I am thrilled Daniel has discovered independence."

**Lynne** (Daniel's Mum)  
Dorset

"I've been using mobility scooters for years but nothing has come close to the Cabin Car's comfort and luxury. My friend who also has one, recommended I get one too. We love going out together, socialising and driving along the seaside. The family love it – and it's a big hit with the grandchildren!"

**Helen**  
Burry Port
